CITY AND COUNTY OFFICIAL PAPER

FREE COINAGE 16 to 1

For President and Silver:
W. J. BRYAN, of Nebraska.
For Vice-President:
ARTHUR SEWALL, Maine.

We demand the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private and favor such legislation as will prevent the demonetization of any kind of legal tender money by private contract.—Democratic National Silver Platform.

As shown in an interview in the Butte Miner with a gentleman who spends most of his time in Mexico the people of that country are delighted with the conditions which exist regarding the money question. They are reaping the benefits of America's folly. Never before in their history have they been so prosperous. Capital which formerly shunned Mexico is now seeking Mexican investment. The cause of this transformation is plain. The Mexicans are on a silver basis. According to the single gold standard their money is worth just 50 cents on the dollar. It requires two Mexican dollars to be worth one American dollar. At first glance this seems like strong goldbug argument, but when you stop to consider that Mexican money is good in Mexico; that the Mexican dollar answers all purposes at home and that the people of Mexico are perfectly satisfied with it, the subject assumes a very different phase. In other words, the Mexican manufacturer does with a 50-cent dollar what requires a 100-cent dollar in America. As a result the American manufacturer has lost the Mexican market and the Mexican manufacturer is driving his American rival out of the silver-using countries where the single gold standard stands as a barrier between American labor. This fact is impressing itself upon the minds of the people of New England. The eastern manufacturer is gradually discovering that the single gold standard is not what it is cracked up to be.

I MAKE MAN.

THE CALIFORNIA MEDICAL INSTITUTE.
This extraordinary discovery is the most wonderful discovery of the age. It has been discovered by the leading scientists of Europe and America. It is a new discovery made by the medical men of the world. It is a new discovery made by the medical men of the world. It is a new discovery made by the medical men of the world.

ST. LOUIS BEER HALL

WHOLESALE AND RETAIL

MARTIN COSTELLO
Agent for Anheuser Busch Beer.

For your Protection.—Catarrh "Cure" or Tonic for Catarrh in liquid form to be taken internally, usually contains either Mercury or Iodine of Potassa, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change in the head, a roaring sound in the ears, bad breath, and sometimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

COUGHS and COLDS

ELLY'S PINKET BALSAM is a sure remedy for coughs, colds, sore throat and for asthma. It quickly soothes the throat and renders expectoration easy.

Consumptives who have derived benefit from the use of Ely's Pinket Balm, say that it is a sure remedy for coughs, colds, sore throat and for asthma. It quickly soothes the throat and renders expectoration easy.

For a full description of the merits of Ely's Pinket Balm, see the circular which is sent free of charge to all who apply for it.

Address: ELY'S PINKET BALSAM, 111 Broadway, New York.

ERIE MEDICAL CO., Buffalo, N. Y.

The National Matte Smelter.

A practical and simple method of smelting sulphide ores, such as nickel, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unobtainable, our pyritic, water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyritic, sulphide and arsenide ores, in capacity of 2 to 30 tons per day. It is the most practical, cheapest and simplest method of gold and silver ore smelting and concentrating that is known today.

It requires no extraordinary skill, no lead ore, no fluxing material, and no fuel of any kind for the smelter after it is started. The sulphur in the ore is its natural fuel, and its cost has no comparison with any other process of concentrating.

We are prepared to furnish any size or capacity plant complete to substantial mining people, set up and furnish our men to run it for them on easy payments. Price and specifications furnished with references and testimonials on application.
